

5 Year/62,500 Kilometre
Capped Price Servicing Program

Model Year 2022
FORESTER

With our 5 Year/62,500 Kilometre Capped Price Servicing Program you'll be in complete control on, off and beyond the road.

Subaru Capped Price Servicing applies to every standard scheduled service for your new 2022 Subaru Forester during the first 5 years of ownership or up to 62,500 kilometres, whichever occurs first. This gives you ultimate peace of mind in the knowledge that the maximum prices for your standard scheduled services are locked in for the term of the Capped Price Servicing Program. This means that you will know the maximum amount that you will pay for applicable scheduled services¹.

All with the peace of mind that specialist Subaru technicians will be looking after your pride and joy using only Genuine Subaru Parts.

Subaru Capped Price Servicing is only available at participating Subaru Retailers.

The recommended scheduled service interval for 2022 Subaru Forester models is every 12 months or 12,500 kilometres, whichever occurs first.

Scheduled Service Intervals ¹	Forester 2.5i AWD, 2.5i-L AWD, 2.5i Premium AWD, 2.5i-S AWD and 2.5i Sport AWD CVT ²	Forester Hybrid L AWD and Forester Hybrid S AWD MHEV ²
1 Month Health Check and Chat	Free	Free
'A' Service 12months or 12,500kms	\$342.29	\$345.73
'B' Service 24months or 25,000kms	\$591.72	\$595.17
'C' Service 36months or 37,500kms	\$343.89	\$347.34
'D' Service 48months or 50,000kms	\$794.17	\$797.61
'E' Service 60months or 62,500kms	\$350.31	\$353.75

The above quoted Capped Price Servicing prices are applicable to Model Year 2022 Subaru Forester models. Our Capped Price Servicing prices include GST and represent the locked in maximum price for the first 5 years of 62,500 kilometres travelled, whichever occurs first. For full Capped Price Servicing Program terms and conditions please refer to subaru.com.au/capped-price-servicing or call Subaru Australia's Customer Relations on **1800 22 66 43**.

1. The first five (5) standard scheduled services are covered under the Subaru 5 year/62,500 Kilometre Capped Price Servicing Program (not counting the 1 Month Health Check and Chat). No claims are permitted beyond 63 months or 65,500 kilometres (whichever occurs first). 2. Prices include GST. Actual prices may vary from retailer to retailer, but rest assured the Capped Price applicable to your vehicle is the maximum that you will pay for your scheduled service during the Program period. For an exact quote on your scheduled service, contact your local participating authorised Subaru Service Centre. Available at participating Subaru Retailers only and does not apply to rental and some other classes of vehicle. For full terms and conditions visit subaru.com.au/service/capped-price-servicing or call 1800 22 66 43.

Subaru 5 Year/62,500 Kilometre Capped Price Servicing Program¹

All new 2022 Subaru Forester vehicles enjoy the benefits of the Subaru 5 Year/62,500 Kilometre Capped Price Servicing Program¹, giving you ultimate peace of mind in the knowledge that the maximum prices for your standard scheduled service are locked in for the term of the Program. This means that you will know the maximum amount that you will pay for applicable scheduled services. All with the confidence that specialist Subaru technicians will be looking after your pride and joy using only Genuine Subaru Parts.

Whilst the actual price may vary from retailer to retailer, rest assured that if you bring your vehicle to a participating authorised Subaru Service Centre, you will not be charged more than the published Capped Price for your vehicle for the service interval in question during the Program period.

Our Capped Prices include all items that are required as part of the standard scheduled service as set out in the Maintenance Schedule of your Warranty and Service Handbook. This includes labour, genuine parts, factory specified oils and fluids and even the environmental levy and supplies charge (which includes items such as oil and waste recycling and/or removal, workshop supplies etc.) as well as inspections and adjustment of all items listed in the Maintenance Schedule for that service interval. Subaru Capped Price Servicing is only available at participating Subaru Retailers.

See subaru.com.au/service/capped-price-servicing for full program terms and conditions.

Is the capped price the same for every eligible model?

The Capped Price for each eligible model is calculated in accordance with the specific Maintenance Schedule for that model (which may vary from model to model). Furthermore, the Capped Price for each model may vary from service interval to service interval. Individual parts and vehicle systems are affected differently, depending on the distance travelled, time in use and driving conditions. For some scheduled services, additional parts have to be inspected and/or replaced and a longer period of time is spent by our factory-trained technicians completing the service. Your Subaru Service Consultant will explain what will be performed during each scheduled service and why, but rest assured that each of the standard scheduled services are covered by our Capped Price Servicing Program during the first 5 years of ownership or 62,500 kilometres, whichever occurs first.

Why aren't all services the same?

Everyone's driving habits are different – from start-stop city driving to highway cruising – and therefore so are the service requirements for your Subaru. Your service requirements may vary from the scheduled service intervals as set out in your vehicle's Warranty and Service Handbook. If any additional work is required over and above the standard scheduled service, your Service Consultant will of course seek your approval before any additional work is performed.

Why is regular servicing important?

It's not only the distance travelled that determines when you need to have your Subaru serviced. In fact, vehicles that are used for regular short, stop-start trips, such as city driving, are often more at risk of premature engine and battery wear as the engine may be working harder. Other fluids in your car, such as brake and transmission fluids, can also deteriorate over time. So to help preserve and maintain the performance, safety and retained value of your 2022 Subaru Forester, make sure you follow the recommend service intervals, be it every 12 months or 12,500 kilometres, whichever comes first.

Why use Genuine Subaru Service?

When it comes to servicing your Subaru there are plenty of choices, but only one knows your Subaru inside out. It took some of the finest minds in Japan to build this incredible vehicle so don't just let anyone tinker with it. Entrust it to a Subaru trained professional.

Your Subaru Service Centre

- Has factory-trained, qualified technicians who are backed up by Subaru Australia's technical support team.
- Uses the very latest Subaru-specific diagnostic equipment and specialty tools.
- Uses and recommends Genuine Subaru Parts which are designed, tested and manufactured to the factory's exacting standards.

You'll also have the reassurance of a full Subaru service history to further help safeguard the ongoing value of your investment.

Subaru Capped Price Servicing is only available at participating Subaru retailers.

1. Every brand new Model Year 2022 Subaru Forester originally purchased from an authorised Subaru Retailer comes with Subaru's 5 Year/62,500 Kilometre Capped Price Servicing Program. Available at participating Subaru retailers only and does not apply to rental and some other classes of vehicles. For full Capped Price Servicing Terms and Conditions visit subaru.com.au/service/pricing/capped-price-servicing.
